

Privacy Policy

- **SOFTWARE:** The capitalised term Software used below refers to PrimeOS, any updates to the software, the user manual, any associated software components, any related media and printed materials and any online or electronic documentation.
- **RESTRICTIONS:** Without permission of the software publisher, it is not allowed to copy, decompile, reverse engineer, decode or modify this software, make its derivatives or export the source code.
- **SUPPORT SERVICES:** Copyright owner may provide you with support services related to the Software. Use of support services is governed by the user manual, online documentation, and other support, as they may be modified from time to time. Copyright owner may use any information you provide as part of obtaining support services for its business purposes, including product support and development.
- **TERMINATION:** This licence is effective until terminated. Your rights under this Licence will terminate automatically or otherwise cease to be effective without notice from Floydwiz technologies if you fail to comply with any term(s) of this licence. This licence terminates if you fail to comply with its terms and conditions. If your licence terminates, you must destroy all copies, full or partial, of the PrimeOS software.
- **COPYRIGHT:** You acknowledge that you have only the limited, non-exclusive right to use the Software as stated in this licence. This software is protected by copyright law.
- **PRE INSTALL:** This software may pre install some applications or websites from third parties. By using the application, you acknowledge and agree that Floydwiz technologies is not responsible for examining or evaluating accuracy, completeness, timeliness, validity, legality, decency or any other aspect of such Third Party application or content of websites. Floydwiz technology do not warrant or endorse and do not assume and will not have any liability or responsibility to you or any other person for any third party application or websites, or for any other content of third parties.
- **PRIVACY:** The services of PrimeOS work for you to extend the capabilities of your device. Data will be used in accordance with PrimeOS Privacy Policy. It will improve PrimeOS by automatically sending diagnostic and usage data to PrimeOS. This information will not be used to identify you and lends a hand to teams working on things like battery life, app performance, and new PrimeOS features.

PrimeOS Privacy Policy - Your privacy is important to us so we've developed a Privacy Policy that covers how we collect, use, disclose, transfer, and store your personal and non personal information. Please take a moment to familiarise yourself with our privacy practices and contact us by mailing at info@primeos.in if you have any questions. We believe that great experiences don't have to come at the expense of your privacy and security. Instead, they can support them. So we are working to earn your trust every day by focusing on six key privacy principles:

- **Control:** We will put you in control of your privacy with easy-to-use tools and clear voices.
- **Security:** We will protect the data you entrust to us through strong security and encryption.
- **Complete Transparency:** We will be transparent about data collection and use so you can make informed decisions.
- **Our products are designed to protect your privacy:** We will respect your local privacy laws and fight for legal protection of your privacy as a fundamental human right.
- **Your personal data belongs to you, not others:** We will not use your email, chat, es or other personal content to target ads to you.
- **Your features improve while your data stays private:** When we do collect data, we will use it to benefit you and to make your experiences better. What kind of data do we collect? Your personal information belongs to you, not others. Personal information includes your name, address, email, telephone number, fax number, the information you stored on your device, and the information to identify you or other individuals when you use applications, services or websites. You are not required to provide the personal information that we have requested, but, if you choose not to do so, in a few cases we will not be able to provide you with our products or services or respond to any queries you may have. Non-Personal Information: When users interact with our product, we may collect non- personal-identity information associated with the user. Non-personal-identity information may include your device's model, version of Android and other similar information. Users Sharing Your Information We can not control the behaviour of other users you share your data with. We cannot and will not control the behaviours of other users that you share information with when you use an application, service or website (including online forums,etc), or how such users will use or share such information. We will not be responsible for any behaviour or conduct of third party circumventing our security measures. Security We are highly concerned about keeping confidential information. We have adopted effective measures to protect your Non-Personal Information, so that such information will not be accessed and used without authorization. Please note that although we have taken sufficient security measures to protect your information, there is no absolute guarantee that we can prevent non-personal information from being accessed or used without authorization. Amendments We reserve the right to handle, amend, modify or otherwise change this Privacy Policy at any time and at our sole discretion, and if you do not agree to any amendment or modification of this Privacy Policy, you may stop using all of the relevant applications, services and websites. Please note that our employees or agents have no right to change any of our policies. Contact Us V Report Violation If you have any questions or suggestions with respect to this Privacy Policy or our privacy system, or if you want to report any violations of this Privacy Policy or abuse of the application, service or website, please contact us at: info@primeos.in Licence for MicroG can be found at: <https://github.com/microg/GmsCore/blob/master/LICENSE>
